

To the parents of
Mukhammad Kurbanov,

29. März 2023

Cost estimate for Mukhammad Kurbanov, 28.01.2009

Dear parents,

for the inpatient hospital treatment of Mukhammad Kurbanov we calculated costs in the amount of EUR 53.000€¹:

general hospital services	35.000,00 €
Single room, accompanying person	4.000,00 €
Choice of treating team	14.000,00 €
medical aids	
total	53.000,00 €

At least four weeks before the beginning of the treatment, this amount must be transferred to our banking account with the notation "Deposit" and the name, first name and date of birth of the child"

Hamburg Commercial Bank AG

IBAN: DE87 2105 0000 1000 1034 05

Gerhart-Hauptmann-Platz 50
20095 Hamburg, Deutschland

SWIFT (BIC): HSHNDEHHXXX

BLZ: 210 500 00

Konto-Nr.: 1000103405

After receiving the payment, the department will be notified and admission to the hospital is possible.

The information on the amount of the general hospital services are non-binding, since the invoice amount depends on the individual encryption of the respective illness. In individual cases, this can be different than expected or change significantly due to concomitant diseases and complications. At the same time, however, we would like to emphasize that the total costs may exceed the sum total of the prepayment if complications occur, a medical treatment might be prolonged or the treatment plan has to be extended or deviated from, due to presently not available information etc.

¹ * All additional bank fees are to be paid by the transferor

You will also have to bear these additional fees. The beneficiary or the parents agree to cover any additional costs due to complications.

Final invoicing is done after the final completion of your medical treatment at the Altonaer Children's Hospital gGmbH. Analogous to national patients, this will be done by reference to diagnosis related groups (DRG), the standard assessment scale (EBM) and official scale of medical fees for physicians (GOÄ). The services of interpreters and other additional services (such as airport transfer, provision of medication, translation of medical reports, translation of invoices for medical treatment etc.) are billed separately. Flat rates are charged for structural and administrative services (20% of the identified DRG and nursing proceeds).

The Altonaer Children's Hospital gGmbH does not pay fees for individual agents or institutions acting as agents. The costs of rehabilitation, medical aids and interpreter are not included.

The AKK generates a total invoice for the mentioned positions. The individual original invoices can be made available upon request. The total invoice generation takes up to three months.

The cost estimate is valid for 6 months from the date of creation. If the calendar year changes before treatment, an update is necessary.

We reserve the right to dispose of the documents you sent (medical reports, images etc.) if we have not heard from you six months after receipt of this cost estimate.

Please contact us if you have any questions regarding the medical treatment plan or cost estimate – we are more than happy to explain everything in detail.

Yours sincerely

AKK Altonaer Kinderkrankenhaus gGmbH
